

Type Certificate

GL Renewables Certificate No. TC-GL-016A-2011

We hereby certify that the condition monitoring system

WindSafe

designed and manufactured by **DMT GmbH & Co. KG
Industrie Systeme
Am Technologiepark 1
45307 Essen, Germany**

has been assessed by Germanischer Lloyd Industrial Services GmbH, Renewables Certification (GL RC) concerning the system design, the prototype testing and the manufacturer's/designer's quality system.

The Type Certificate is based on the indicated documents as follows:

Report No. 74360-16 Certification Report for the Condition Monitoring System WindSafe, dated 29th November 2011

Certificate No. CH-35379 Certificate of Approval acc. to ISO 9001:2008 valid until 09th October 2014, issued by IQNET and SQS

Normative references: Germanischer Lloyd Industrial Services GmbH, Renewables Certification "Guideline for the Certification of Condition Monitoring Systems for Wind Turbines", 2007 Edition.

Changes of the system design or the manufacturer's or designer's quality system are to be approved by GL RC otherwise the Type Certificate loses its validity.

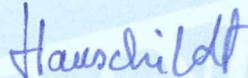

This Type Certificate is valid until **28th November 2013**, if the validity of the certificate for the Quality Management system is maintained.

Hamburg, 29.11.2011
